

## >> The PACE Platform: finalization of the Learning Space

New learning objects and activities have recently been added on [PACE platform](#)!

A total of 40 learning objects will be available on the platform by the end of June, and you can already access most of them! More videos, templates and worksheets which bring value to the platform content and make it interesting and useful for users. To access the learning content, register on the platform and click on the "LEARN" button to have a clear overview of PACE learning tools.

In the Learning space, you will also find recordings of the webinars that PACE has organised so far. So, if you have missed them, you still have the opportunity to watch them: register and use these materials at your pace!

If you feel lost, you can always find a video about how to use the platform on our [website](#) or click here to watch our [guided tour](#).

[Join the community](#) of Project Managers and participate in their discussions! Come and share your project management ideas and challenges!

## >> The second PACE BarCamp

After the first successful Bar Camp event held in November 2014, it is time for the **2<sup>nd</sup> Bar Camp on European Project Management!**

Due to logistics and organisational reasons, the dates of the next Bar Camp have slightly changed, so please take note of the new ones: the event is going to take place **on 7-8 October 2015 in Florence**, in the beautiful historical location of Le Murate. The event will be open to a limited number of European project managers coming from different European countries and fields, who will be invited to share their experiences and ideas in this innovative and interactive face-to-face activity.

If you are interested to know more and participate, we invite you to join the [PACE platform](#) and start getting familiar with it, since it will be the place where all the exchanges will take place in the time leading to the Bar Camp! There you will soon find more detailed information about the event and how to register! Or check our project website [www.projectactors.eu](http://www.projectactors.eu) to learn more about the PACE BarCamp.

---

## >> Next PACE webinar

As you may already know, one of the activities of PACE project partners consists in the organisation of regular webinars and online discussions to support the process of exchange in the EU project community.

The recording of the first three webinars are already available in the Learning Space of the [PACE platform](#). Check them out if you have missed them!

### Save the date for the next PACE webinar!

The next PACE webinar will take place on **18 June at 11:00am** Central European Time. The topic will be **“Gamification”** and the use of game elements in project management. Gamification has been in a spotlight for the past 3 years, applying games’ theories and dynamics to professional situations, thus making them more fun. It was also a very popular topic in the last PACE BarCamp, so if you missed that, you now have the chance to learn about it!

In this webinar, we will talk about:

- where and when is the best moment to apply game elements
- how to make them work for you

Everything will be wrapped up by case studies and flavoured with your questions and discussions.

Register [here](#) by Tuesday 16 June 2015 at the latest, with your name, the name of your organisation (if applicable) and your contact details. We will get back to you with more information on how to join the webinar.
